

ITEM 011140

Item 0111401 - MISCELLANEOUS CONCRETE

Item 0111402 - CONCRETE FOR BACKFILL

DESCRIPTION

Concrete for pipe cradle encasement of pipe, other underground piping, and other concrete required by Contract Drawings and Specifications or ordered placed by Engineer, and for which payment is not specifically provided in some other item or items, will be furnished and paid for as Miscellaneous Concrete. Price stated is full compensation for furnishing all materials, labor, tools and construction equipment; furnishing, placing and removing forms and supports and for all other work and expense incidental thereto, including earth excavation and backfill required.

Concrete to be used for backfilling purposes where formwork is not required within existing trenches or excavations that have been performed under other items as required by the Contract Drawings and Specifications or ordered placed by Engineer, and for which payment is not specifically provided in some other item or items, will be furnished and paid for as Concrete for Backfill. Price stated is full compensation for furnishing and placing all concrete materials, labor, tools and construction equipment; incidental to the work.

REFERENCED ITEMS

None

REQUIRED SUBMITTALS

Material Certificate of Compliance:

Submit 5 copies of material certificate of compliance for concrete in accordance with the contract general requirements.

MATERIALS

Miscellaneous Concrete and Concrete for Backfill will consist of Portland Cement concrete Class "A" or "C" as specified under Section M.03 of the State of Connecticut, Department of Transportation, Standard Specification for Roads, Bridges, and Incidental Construction, Form 816, 2004.

CONSTRUCTION METHODS

The construction methods for this work will conform to the applicable construction methods of the item in which the miscellaneous concrete or concrete for backfill is required for. In the absence of such item, the methods for this work will be as ordered by the engineer.

METHOD OF MEASUREMENT

This work will be measured for payment by the total number of cubic yards of miscellaneous concrete or concrete for backfill in place and accepted.

BASIS OF PAYMENT

This work will be paid for at the contract unit price per cubic yard as measured above for "MISCELLANEOUS CONCRETE", including all material, form work, labor and work incidental thereto.
