

ITEM 0360301

TRASH RECEPTACLES

DESCRIPTION

This work shall consist of furnishing and installing trash receptacles in the locations shown on the plans and as described herein.

REFERENCED ITEMS

None

REQUIRED SUBMITTALS

Material Certificate of Compliance:

Submit 5 copies of material certificate of compliance for receptacles in accordance with the contract general requirements.

Certified Test Report:

Submit 5 copies of certified test reports for receptacles in accordance with the contract general requirements.

Shop Drawings:

Submit 5 copies of shop drawings for receptacles in accordance with the contract general requirements.

MATERIALS

Trash receptacles shall be Ironsites Series, SD-34 24 Gallon waste side-door receptacle with heavy duty latch as manufactured by Victor Stanley, Inc. P.O. Drawer 330, Dunkirk Maryland 20754, Tel: (301) 855-8300 or approved equal. The color shall be as shown on the drawings, or as approved by the engineer.

CONSTRUCTION METHODS

Receptacles shall be surface mounted in a level and plumb condition utilizing the leveling feet attached to the unit with the door facing east, parallel to the curb. Securely anchor the receptacles to the pavement using a hot dipped 1/2" galvanized expansion bolt fitted through the center anchor bracket into the concrete sidewalk.

If a concrete sidewalk is not below a trash receptacle, the contractor shall provide an alternate anchoring method to the engineer for approval prior to installation.

METHOD OF MEASUREMENT

This item will be measured for payment by each trash receptacle furnished, installed complete in place and accepted by the Engineer.

BASIS OF PAYMENT

This work will be paid for at the contract unit price for each "TRASH RECEPTACLE" in place, which price shall include all materials, equipment, tools, labor and incidental expenses necessary.
